RUSLANA, the best-selling Ukrainian international recording artist of all time, performs her first full indoor concert in Western Canada. A cult figure in Ukraine, **RUSLANA'S** ethno-pop music is inspired by Slavic rhythms and the ancient culture of the Carpathians.

RUSLANA swept the Eurovision Song Contest in 2004 with more than 100 million worldwide viewers. Her winning single and subsequent album saw widespread acclaim in over 25 countries. Live concerts and TV appearances from Canada to Siberia, Iceland to Greece, and Turkey to China followed. She went on to release an additional 9 successful albums.

Besides her music, social commitment has always been an affair of the heart for **RUSLANA**. She became a key figure of the mass protests known as 'EuroMaidan' in 2013/14 when Ukrainian citizens rallied peacefully against their government for an integration of Ukraine into the EU. Her extraordinary determination was recognized in thousands of worldwide articles describing her as the *Heroine of Ukraine*.

Calgary-based singer **Stephania Romaniuk** will open the show with her jazz quartet. **RUSLANA** will be joined by the **SHUMKA** dancers as special guests.
