*Plus applicable Junior Instructors.

INFORMATION

All Beginners and up will change into costume here at the Dance Centre. Pre-Beginners can arrive dressed in their performance attire.

Please arrive in plenty of time to change into costume and be ready 30 minutes prior to your scheduled photo time. If dancers are ready and we don't have to wait for anyone, we may run ahead of schedule. **We cannot wait for anyone who is late.** Please also allow yourself time to find a parking spot as it will be busy here that day. For families wanting sibling photos, we will fit them into the schedule, in between classes.

SDI Digital Imaging is introducing a new viewing system. Parents, please bring your own mobile devices such as iPads, tablets or laptops. You will be given the password to login into their internal WIFI network and you will be able to browse at your leisure on your own devices while they are setup at the studio. This will also allow you to zoom into photos to get a better look at the dancers' expressions. Photos can also be viewed on cell phones, however the viewing space is so much smaller than an iPad, most people prefer to bring something larger. SDI will also have a few iPads on hand for those who would prefer to use theirs.

Photos are not posted online, therefore this will be the only opportunity for you to view your photos and place your orders. If you cannot be there to view your photos, you will need to contact their office to book an appointment to view them at their studio in St. Albert. Payment is also required for any orders placed on photo day.

Delivery will be around April 1st. This is an approximate time frame and may change due to the volume of orders received.
